

# Mechanical Tools

## Crimping tools for insulated and non-insulated ferrules

### Compression using ratchet mechanism

Enhancements have been implemented to refine the balance of the die insertion points, the apex of the angle press, and the handle design, all aligned with the principles of human-centered engineering. These advancements significantly enhance user experience by simplifying operation and increasing comfort.

#### 20104 SF-10W

- For insulated and non-insulated ferrules from 0,25 to 10 mm<sup>2</sup>.
- Compression using ratchet mechanism.

Code	Ref.	Crimping range	AWG	Length	Weight
380031	SF-10W	0.25-10 mm <sup>2</sup>	23-7	205 mm	0.48 Kg
